

Skill Lab models and their application for training on clinical skills

	Model	No.	Skill
Basic Life Support			
1.	Resucianne (Skill Guide)	4	Demonstrate competency in cardiopulmonary resuscitation and basic life support.
2.	Resucianne (little Anne)	5	
3.	Choking Charlie	2	Provide first aid measures for injured and critically ill patients
Advanced Life Support			
4.	Simman Essential	1	Perform full physical examination of patients with acute and chronic clinical conditions
5.	Megacode Kelly Advanced	5	
6.	Cardiolife defibrillator with AED and pacemaker	4	
7.	Interactive ALS Code Blue	1	
Physiology			
8.	Blood Pressure Simulator	3	Perform full physical examination of patients with acute and chronic clinical conditions
9.	Blood Pressure Training Arm	3	
10.	Blood Pressure Simulator Arm	1	
11.	Heart and lung sounds Adult	10	
Airway			
12.	Airway Management	5	Demonstrate competency in cardiopulmonary resuscitation and basic life support.
Injection			
13.	Imsit IM injection hip	2	Give intramuscular, subcutaneous, intradermal and intravenous injections
14.	Advanced multipurpose venous training arm (RT)	3	
15.	Male Intravenous IV Training Arm kit	2	Perform venepuncture and collect blood samples
16.	Female Intravenous IV Training Arm kit	2	
17.	Arterial arm stick kit	2	Perform full physical examination of patients with acute and chronic clinical conditions
18.	Femoral access simulator	4	Give intramuscular, subcutaneous, intradermal and intravenous injections
19.	Vascular access Chester chest	4	Perform full physical examination of patients with acute and chronic clinical conditions

	Model	No.	Skill
Trauma			
20.	First aid training manikin	6	Provide first aid measures for injured and critically ill patients
21.	Trauma Moulage Kit	1	
22.	Trauma and Extrication manikin (ultimate hurt)	2	
23.	Mr. Hurt head trauma simulator	2	
24.	Speed blocks starter pack + spinal board	6	
25.	Stiff neck collar	6	
26.	Causality simulation kit	1	
27.	Full body CPR/trauma	1	Perform suturing of superficial wounds.
Surgical skills			
28.	Advanced Patient Care Surgical Sally Bandaging	8	Perform suturing of superficial wounds.
29.	Cricoids Stick Trainer	6	Demonstrate competency in cardiopulmonary resuscitation and basic life-support.
30.	Catheterization and Enema Trainer	4	Perform bladder catheterization.
31.	Multipurpose Male Care Simulator	2	Perform full physical examination of patients with acute and chronic clinical conditions
32.	NG Tube and Trach Care Trainer	4	Insert nasogastric tube
33.	Pneumothorax trauma	3	Demonstrate competency in cardiopulmonary resuscitation and basic life-support.
34.	Rectal Examination Trainer	3	Perform full physical examination of patients with acute and chronic clinical conditions
35.	Lumbar Puncture Simulator Mk 2	1	Take a sample and inject into the vertebral canal
36.	Model of different surgical sutures	3	
37.	Simon and Susie	1	Provide first aid measures for injured and critically ill patients
38.	Laparoscopy	1	
Breast examination			
39.	Breast examination model	1	Perform full physical examination of patients with acute and chronic clinical conditions
40.	Advanced breast examination	1	
41.	Breast self examination	4	
Anatomy			
42.	Ear model	1	
43.	Male pelvis model	1	
44.	Heart and lungs model	1
