Every year more foreign students arrive to study to the institutions of higher education of Ukraine. A year-on-year increase in this number makes 10%. At present, according to Ministry of education statistics, 40 thousand of foreign students study in Ukrainian institutions of higher education.

Cost of education in the preparation courses for foreign students makes 1.5-3 thousand USD only, at the day-time department – 2 - 4000 USD.

After completion of the preparatory department (obligatory), a foreign student can enter any Institute of higher education in Ukraine, regardless of the name of the higher education school, where he took the preparatory course.

For enrollment to the first year of study of any Ukrainian University or Institute it is necessary to demonstrate certain knowledge of Russian during the interview. For the foreigners, who want to study at the international relations or international economy departments, it is necessary to pass exam in English.

As reported by Ministry of education and sciences of Ukraine, the most popular specialties for foreigners are construction and engineering, as well as medicine, finances and economy.

Geography of countries from where the students arrive to study to Ukraine is wide enough and includes 129 states. Most numerous student associations are from Iran, China, Jordan, Syria and Russia. The specialties mostly required by foreigners are engineers, doctors, economists, financiers.

According to the information from the Department of education and science of Ukraine, 44 thousand foreigners are getting education in the country at present. Interesting fact is, that more than half (30 thousand persons), of them are concentrated in five major cities of Ukraine.

Ukraine occupies the 9th place in the world referring to the number of foreign students taught.
